

Measurement Stopper Correction Guide

1. The worksheet Tasks and worksheet Results are locked. The password: **QKARf5**

2. If you want to modify any data go to the Review.

3. Press Unprotect Sheet.

4. Enter the password mentioned above.

5. Now you can edit any data on the sheet.

	INVOICE PROCESSING EMEA	QU
	Process PO invo	
	Process NON-PO invoice	Correc
ain)	Process Freight invoice	Correc
	BCC Validation	Correc

6. This process makes editable only one sheet, so if you want to edit the second sheet you need to repeat it.

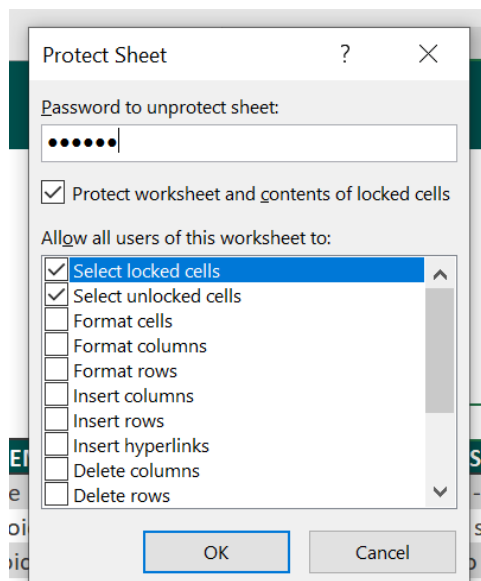

7. After correction to lock back the sheet go to Review.

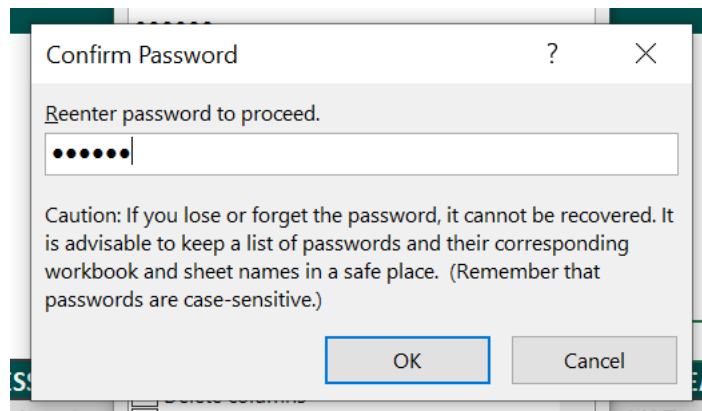

8. Press Protect Sheet.

9. Enter the password mentioned above.

10. Enter the password again to confirm.

11. Now the Sheet is locked again.

12. If you unlocked two sheets do not forget to protect them back.
